GPTAM'S HISTORY

GPTAM was established on the 9th day of August, 2019 with the vision to facilitate theological institutions worldwide in providing and piloting excellence in theological training, and to establish a robust network for mission and evangelism. 115 Bible Colleges have been accredited from Nepal, India, Pakistan, Bangladesh, Sri Lanka, Myanmar and Africa and there are many more in the process to be accredited.

VISION

Facilitate theological institutions world-wide in providing and piloting excellence in theological training, and to establish a robust network for mission and evangelism.

AIMS & OBJECTIVES

1. To strengthen member institutions in offering quality theological education through accreditation, networking and support services.
2. To enhance Christian scholarship by promoting academic excellence, accreditation standards, faculty and curriculum development.
3. To connect with international Christian communities for world-wide mission, enhance existing mission works and build vibrant mission network to strengthen them.
4. To conduct special short term training and seminars for teachers, pastors, missionaries and lay leaders equipping them for effective ministry globally.

WHY MISSION BY GPTAM?

The end result of the training in Bible colleges is for the purpose of soul winning and there is a need to send out more missionaries. Graduates from the Bible colleges accredited by GPTAM who display commitment will be recruited as missionaries and GPTAM will help in planting churches where new believers will grow and mature in their faith. This will be the unique feature of GPTAM because no other accrediting agency is providing mission work with accrediting facility.

WHY ACCREDITATION FACILITY?

Asia Theological Association (ATA) is the biggest accrediting association in Asia in the recent years and its requirements and standards are difficult to meet. Therefore many Bible colleges and Seminaries cannot get accreditation easily with ATA.

Without accreditation the graduates are faced with the struggle of getting into ministry since missions, organizations and churches will hire only those who possess certificates that are accredited by known and established accrediting agencies.

GPTAM's role will be to bridge the gap so that the Bible colleges and seminaries that are unable to get accreditation will obtain it from GPTAM.
